Any supplier participating in UNFPA’s procurement activities must provide all required documents, records, and other elements to UNFPA personnel upon first request to facilitate any investigation of allegations of misconduct by either suppliers or any other party to the procurement activities. Bidders are expected to have sole responsibility to examine the conformity of their Bids to the requirements of the RFP, keeping in mind that material deficiency in providing information requested by UNFPA, or lack of clarity in the description of goods or services to be provided may result negatively in the evaluation process of the Bids.

22.2. Bidders may modify, substitute or withdraw their Bid after submission, provided that written notice is received by UNFPA prior to the submission deadline.

22.3. Any proposed modification, substitution or withdrawal must be submitted in accordance with clause 20 - Submission, sealing and marking of Bids based on the approach utilized. The respective envelope or email shall be clearly marked "MODIFICATION", "SUBSTITUTION" or "WITHDRAWAL". Any revision to the Bid must be received by the deadline.

Clarification of Bids may be provided only in response to UNFPA request for clarification or request for additional information.

26. Preliminary examination of Bids

26.1. Prior to the detailed evaluation, UNFPA shall examine the Bids to determine whether they are complete with respect to minimum documentation requirements, whether the documents are properly signed, whether any computational errors have been made and whether the Bids are generally in order.

26.2. The procurement official will determine the substantial responsiveness of each Bid to the RFP during the preliminary examination.

- 26.3. A substantially responsive Bid conforms to all the terms, conditions, and specifications of the Bidding documents without material deviation, reservation, or omission. A material deviation, reservation, or omission is one that:
- 26.3.1. Affects in any substantial way the scope, quality, or services specified; or
 - 26.3.2. Limits in any substantial way, inconsistent with the Bidding documents, UNFPA's rights or the Bidder's obligations under the contract; or

- 26.4. UNFPA considers material deviations to include, but not be limited to the following:
- 26.4.1. During preliminary examination of Bids
 - 26.4.1.1. Absence of Bid form(s), change in the wording or lack of signature on key portions of the Bid form when this is clearly required. Any change in wording that is consistent with the standard format of the Bid form(s) is not a material deviation;
 - 26.4.1.2. The Bidder indicates in the Bid that they do not accept important contract conditions, i.e. related to Force Majeure, Applicable Law, Delivery Schedule, Payment Terms, General Conditions of Contract and Limitation of Liability;
 - 26.4.1.3. Non submission of non-historical documents (documents that should be specifically prepared by the Bidder in response to this RFP) by the bid submission deadline.

- 26.5. If a Bid is not substantially responsive to the Bidding documents, it shall be rejected by UNFPA and may not subsequently be made responsive by the Bidder by correction of the material deviation, reservation, or omission.

27. Non-conformities, errors, and omissions

- 27.1. Provided that a Bid is substantially responsive:
- 27.1.1. UNFPA may waive any non-conformities or omissions in the Bid that do not constitute a material deviation.
 - 27.1.2. UNFPA may request the Bidder to submit the necessary information or documentation within a reasonable period of time to rectify non-material non-conformities or omissions in the Bid related to documentation requirements. Such omission shall not be related to any aspect of the price of the Bid. Failure of the Bidder to comply with the request may result in the rejection of its Bid.
 - 27.1.3. UNFPA shall correct arithmetical errors on the following basis:

- 27.1.3.1. If there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail, and the line item total shall be corrected, unless in the opinion of UNFPA there is an obvious misplacement of the decimal point in the unit price. In that case the line item total as quoted shall govern, and the unit price shall be corrected;
- 27.1.3.2. If there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected.

28. Evaluation of Bids

- 28.1. The evaluation of the Bids will be carried out in a two-step process by an evaluation panel, with evaluation of the Technical Bid being completed prior to any Financial Bid being opened and compared.

- 28.3. Information relating to the examination, evaluation, comparison, and post-qualification of Bids and recommendation of contract award shall not be disclosed to Bidders or any other person not officially concerned with such process until the contract award is published.

Number	Supplier Qualification Parameter	Bid is acceptable? (YES/NO)	Justification
--------	----------------------------------	--------------------------------	---------------

1	Legal and regulatory requirements	UNFPA shall examine the Bid to confirm that it does not contain any material deviations, reservation, or omission related to the General Conditions of Contracts (Section III)

Proposals failing to obtain this minimum technical threshold or those which will not be considered qualified through the supplier qualification process will not be eligible for further consideration.

31.2. The Financial Bid is evaluated on the basis of its responsiveness to the Price Schedule Form SECTION VI – ANNEX E: PRICE SCHEDULE FORM. The maximum number of points for the Financial Bid is 100. This maximum number of points will be allocated to the lowest price. All other Financial Bids will receive points in inverse proportion according to the following formula:

32. Total score

32.1. The total score for each Bidder will be the weighted sum of the technical score and financial score. The maximum total score is 100 points.

UNFPA Somalia has established holistic Youth Centres with the aim of improving girls’ literacy, numeracy, vocational and life skills relevant for life and work, strengthening and providing sexual and reproductive health education, providing information and youth friendly services to young people, empowering vulnerable young women with skills that enhance employability, and to promote the use of sports and recreation as a medium to effect positive and sustainable change in the areas of FGM, child marriage, civic engagement and youth peace and security.</p> <p>The main purpose of the operational guideline development is: Support the youth Centres staff and UNFPA Youth Team to implement the operational guidelines to harmonize youth Centres support across the country.</p> <p>The main tasks of the consultancy are to:</p> <ol style="list-style-type: none"> 1. Develop standard operating procedures (SOPs) that will guide all the interventions in the youth Centres. 2. Develop Monitoring and Evaluation and Reporting tools. 3. Develop Business Model/sustainability approach for the youth Centres
Situational Analysis	<p>Youth in Somalia face an uncertain future. According to UNFPA population estimate surveys, the vast majority of the Somali population is below the age of 35. In fragile states like Somalia, marginalised groups are also very often neglected and left behind due to a lack of education and economic opportunities that have driven young women and men to become more vulnerable to radicalisation and seeking alternative avenues of belonging, sources of income and leadership. In Somalia, this has led to youth often finding social inclusion within extremist groups. Youth feel a sense of grievance and have limited confidence towards Government authorities and elders in delivering meaningful changes in their society.</p>

	<p>The number of youth in Somalia is expected to increase in the coming years, providing an immense demographic window of opportunity to better engage the youth of Somalia economically, socially, and civically as they transition into the change-makers and decision-takers of the country. They represent the transition from childhood to adulthood; they are the most important age group since their dynamics determine the social, economic, political, health and demographic future of society in Somalia. The Somalia context is generally conservative but also has many challenges including child marriage, female genital mutilation as well as conflicts.</p> <p>UNFPA supports youth Centres that provide assorted services that build the agency and the assets of the adolescent and youth.</p>
<p>Background on the Youth Centres</p>	<p>UNFPA Somalia has established youth Centres in Somalia since 2017 and continues to increase the numbers of youth spaces, outside the home, school or mosque, the young people in Somalia lack safe spaces where they can go and spend time. Positive youth development approaches are rare, and the lack of information on the few opportunities that do exist leads to further marginalization.</p> <p>There is a lack of information on young people’s rights; political processes and ways to participate in them; and economic opportunities for youth.</p> <p>Young people are not one homogenous group but divided into "bubbles" such as returnees, locals, and IDPs that have little opportunities to interact with each other. Therefore, UNFPA Somalia initiated and created safe spaces in the name of Youth Centres to create unity and a sense of belonging among the youth. The Centres provide Life skills training, Entrepreneurship training which includes tailoring, cooking, hairdressing, henna, bead works among other skills; it provides acceptable, accessible, non-judgmental youth-friendly reproductive health services that include counselling, screening for STIs, pregnancy, blood grouping, treatment of reproductive health conditions and other minor illnesses and prevention and promotion services including preconception care and sexual reproductive health information. Centres further provide computer training; digital networks and other enabling facilities for youth engagement, such as coffee shops, TV spots, libraries and exhibition Centres to showcase talent arts and culture, salon, barbers, prayer room, sports facilities and recreational activities including a gym, basketball, other sports facilities in the Centres, co-working spaces and in-reach and outreach awareness creation.</p>
